

Central Ohio Woodturners Young Turners Program 2010

The club successfully completed the 2010 edition of the Young Turners Program. Five young turners turned honey dippers, spin tops and end-grain goblets. The five students were: Zach Stewart, Emma Damon, Jacob Boehm, and Tyler Apostolowski.

All students were given a free 1-year membership in COW. If you see one of them at our meetings take time to talk to them and help keep their interest in woodturning alive.

Thanks to Chuck Kemp for organizing the program, and to Jim Burrowes and Bruce Kerns for acting as instructors. Joel Hawley, Nelson Meyer, and Kenan Dunn help with the program by acting as mentors for the group.

Dante Marcil was not able to take the class at the regular scheduled time so Joel Hawley help him to learn to turn and complete the projects in Joel's shop.
